

THE CAROLYN AND LEE CRAYTON LEGACY SCHOLARSHIP

Providing support to a deserving individual/organization from a smaller market, with grand visions for helping their community through events, but not yet a budget to match those visions.

The *Carolyn and Lee Crayton Scholarship* is one of 20 Scholarships made possible by the generosity of many industry donors through the IFEA Foundation. Each scholarship covers the full registration costs (travel and lodging are

not included) for a deserving industry professional, student or volunteer to attend, learn and grow from the unparalleled creativity, education and networking of the IFEA Annual Convention & Expo - the leading industry gathering of professionals dedicated to the festival and event field. The dates and location of the IFEA Convention vary each year and are announced as soon as they are known on www.ifea.com.

Each scholarship is designed to support and encourage selected and targeted individuals. Applicants

must meet the criteria outlined for the specific scholarship (see above) that they are applying for and cannot be in a financial position to attend without scholarship assistance. Once these requirements are met, applicants are considered on their cultural diversity, professional aspirations, course of study (if a student), and statement of benefit to themselves and/or their organizations and communities as the result of attending the convention.

Conditions for Application:

To apply and be eligible to receive the *Carolyn and Lee Crayton Scholarship* for the IFEA's Annual Convention & Expo, recipients must demonstrate and document the following:

1. That they meet the targeted criteria as a deserving individual/organization from a smaller market, with grand visions for helping their community through events but not yet a budget to match those visions.
2. That they have not attended an IFEA Annual Convention & Expo within the last three (3) years.
Note: This condition is waived for full-time students.
3. That they could not otherwise, through any other means, afford to pay the complete registration fee.

4. That they and/or their organization are a current member, in good standing, of the IFEA.

Applicants (professionals and students) should answer all applicable questions on the application (write N/A where something is non-applicable) and include direct contact information as requested. An incomplete application will not be considered.

Scholarship recipients will be determined and notified by Monday, June 10, 2024, to allow for travel and lodging arrangements to be made and finalized.

Due to the limited number of scholarships available, any applicant and/or organization receiving scholarship assistance using falsified information, or failing to use an awarded scholarship

(aside from consideration of acceptable and unforeseen circumstances, as defined and approved by the IFEA Foundation Scholarship Selection Committee) will be prohibited from applying for future scholarship assistance.

**Applications must
be received no
later than:
5:00 p.m. MDT
Friday, May 31, 2024**

**Please email your completed application to:
IFEA Foundation Scholarship Selection Committee**
