## IFEA Webinar On Demand

### **Mayhem at Events and How to Prevent (Some of) It**

**Steven Adelman**

**Vice President, Event Safety Alliance**

**Adelman Law Group, PLLC**

**Scottsdale, AZ**

Using a highly technical risk management tool -- the open-ended question -- we will learn the value of asking, non-rhetorically, What could go wrong? There is no such thing as a "best practice," only decisions that are reasonable under your circumstances. This session will help you make reasonable decisions about the risks you are most likely to face at your events.

Steven A. Adelman is the head of Adelman Law Group, PLLC in Scottsdale, Arizona and Vice President of the Event Safety Alliance, an international trade association focusing on safety and security at live events. His law practice focuses on risk management and litigation regarding venues and events throughout North America, and he also serves as an expert witness in crowd-related lawsuits. Steve Adelman is widely recognized as an authority on event safety and security. He writes the monthly "Adelman on Venues" newsletter, he teaches "Risk Management in Venues" at Arizona State University's Sandra Day O'Connor College of Law, and he frequently appears in national and local media for analysis of safety and security incidents at public accommodations. Steve Adelman graduated from Boston College Law School in 1994.
