The biggest misconception about event liability insurance is that there's little difference from one general liability policy to another. It's a dangerous assumption and could lead to catastrophic consequences for you and your event. In this session we'll review some of the standard and specialty exclusions that could lead to an uninsured claim and show you how to find them before it's too late.

After graduating from the University of Central Missouri with a degree in Business and Education **Andrew Vandepopulier** began working in the disaster and catastrophe claims field for Farmers Insurance. He spent 3 years working around the Midwest handling all types of claims from hail to wildfires. In 2010, Andrew joined Haas & Wilkerson's Fair and Festival division and has been serving the insurance and risk management needs of the event world ever since. With Clients all over the country ranging from the largest fairs in the nation to the smallest festivals, we have a product for all types of events.
